Monroe County Executive **Cheryl Dinolfo** today announced that JetBlue Airways will begin daily, non-stop service from the Greater Rochester International Airport (ROC) to Boston Logan International Airport (BOS), beginning in January 2019.

*“We are proud to have worked closely with JetBlue to secure this daily, non-stop flight to Boston, one of our top destinations for local travelers,” said **Dinolfo**. “Securing convenient, affordable flights continues to be one of Monroe County’s top priorities for our Airport. Between our transformational ROC Renovation project and our continued commitment to adding new non-stop flights here, our Airport is well positioned to attract more visitors and more jobs to our community moving forward.”*
