MONROE COUNTY AIRPORT AUTHORITY  
ANNUAL PUBLIC AUTHORITY REPORT - 2022

# **MONROE COUNTY AIRPORT AUTHORITY ANNUAL PUBLIC AUTHORITY REPORT – 2022**

## **ORGANIZATION AND PURPOSE**

The Monroe County Airport Authority (the Authority) is a public benefit corporation that was created to finance, construct, develop, operate, and maintain aviation and other related facilities and services within the County of Monroe (the County). The Authority is organized under the Public Authorities Law of the State of New York. The oversight body is the Authority board, which is approved by the County Legislature on the recommendation of the County Executive. The Authority leases the Frederick Douglass-Greater Rochester International Airport (the Airport) from the County and operates under the terms of a trust indenture dated September 15, 1989, as amended.

The Authority's address is 1200 Brooks Avenue, Rochester, New York. Its website can be viewed at [roairport/mcaa](http://roairport/mcaa).

## **DESCRIPTION OF AUTHORITY BOARD**

The Authority board shall consist of seven members appointed by the County Executive, provided that two such members shall be appointed upon the written recommendation of the President of the County Legislature. Regular meetings are held bi-monthly with the annual meeting in March. Special Meetings are conducted on an as needed basis. Standing Committees include an Audit Committee, Governance Committee and a Finance Committee. Meeting minutes and attendance can be found on the Authority's website.

A summary of each Board Members committee involvement and the Board's annual self-evaluation can be found in [Exhibit A](#).

## **MISSION**

The mission of the Authority is to ensure that the Airport provides safe, efficient and economical air transportation for the traveling public and promotes economic development, trade and tourism throughout the Greater Rochester area.

The Authority will continue to optimize the use of airport facilities in order to enhance and expand business development and to foster economic growth in our region.

The performance measure report is attached to this report as [Exhibit B](#).

## **OPERATIONS AND ACCOMPLISHMENTS**

In its seventy-fourth year of operation, the Frederick Douglass-Greater Rochester International Airport (ROC) remains a positive force in the sustainability of our local economy. ROC's regional, national and international connectivity makes our hometown airport the community's gateway to the world.

During 2022, passenger air travel began to rebound from the significant declines as a result of the worldwide COVID-19 pandemic. Passenger air traffic at the Frederick Douglass-Greater Rochester International Airport continued its recovery with an increase of approximately 51.5%, or 793,261, over its 2021 total scheduled airline passengers (enplanements and deplanements). The total revenue passenger count for 2022 was 2,333,237 but was still down approximately 9.5%, or 245,517 passengers from 2019, which has been classified as a "benchmark" normal year for the airport. Departing Airline Trips increased 37.2% over 2021, however airline trips also remained 14.9% below 2019 numbers. Enplanement numbers affect both operating revenues and Passenger Facility Charges (PFCs) and are used in the aviation industry to rank the size of an airport. As of the most recent available data (December 2021), ROC ranked 101st nationally.

Aircraft operations (commercial, military, corporate, and general aviation) resumed to normal operational levels in 2022. Operations totaled 81,952 in 2022 compared to 72,056 in 2021 and 77,481 in 2019. At the end of 2022, ROC had flights to 18 airport destinations flown by eight air carriers.

For the year, ROC offered an average 4,102 seats per day, or approximately 28,800 seats per week. Towards the end of 2022, over 4,000 seats per day were being marketed. During the year, the load factor for ROC ranged from a low of 59% in January to a high of over 82% in May and August. Load factors for the entire year averaged 76.9%.

The 2022 adopted budget of \$22.0 million was a 2.1% decrease over the 2021 adopted budget of \$22.5 million. This decrease was primarily due to the use of planned use of \$5.7 million of federal funding from the American Rescue Plan Act of 2021 (ARPA) for debt defeasement

In 2022, total operating revenues exceeded total operating expenses by \$6.7 million primarily due to a \$5.4 million increase in operating revenues as air travel continued to recover at ROC, along with a \$2.7 million increase in operating expenses. The majority of operating revenue is driven by enplanement levels.

Landing and rental fees, which are primarily airline related, decreased by \$635,450 or 6.8% from the prior year. This decrease is a result of the increase in car rental and parking commissions as 50% of these revenues are used to offset airline rates and charges which resulted in a lower terminal rental rate for 2022 over 2021.

Commissions (primarily made up of parking and rental car concessions) increased to \$13,146,299 from \$8,067,849 in the prior year, an increase of \$5,078,450 or 62.9%. Car rental commissions increased by \$753,243 or 22.8% from the prior year; parking commissions increased by \$4,325,207 or 90.9% from the prior year. The increase in car rental and parking commissions is due to the return of passenger traffic in 2022 as the travel industry returned close to pre-Covid levels of activity.

In 2022, total operating expenses increased by \$2,651,226 or 16.6% when compared to 2021. This increase is primarily due to an increase in operating and maintenance costs paid to Monroe County for the Airport of \$2,500,320 of 21.3 % from the prior year. Utility costs increased by \$665,801 due to higher commodity costs in the marketplace. Personnel services and employee benefits increased by \$1,011,426 due to increases in salaries and benefits from union negotiated contract increases, along with County approved retention payments and increases to employee salary schedules as the County sought to attract and retain staff. In addition, chargebacks for County services increased \$699,819 from the prior year due to increased costs for fleet maintenance, workers compensation, and law enforcement charges.

During 2022, ROC welcomed Spirit Airlines with new nonstop service to Orlando.

ROC is responsible for creating and sustaining 9,998 jobs, generating \$295 million in income, and contributing over \$800 million to our local economy each year.

\$12.4 million in Airfield and Terminal Improvements were completed to include:

- Completed the rehabilitation of Taxiway A, which included approximately 1,500 linear feet of 75' wide commercial Taxiway from Taxiway A4 and Taxiway E.
- Completed the rehabilitation of North Ramp West (1-5) Apron. Included the replacement of a drainage inlet.
- Completed the construction of the roundabout and improvements to the Access/Circulation Roadways.
- Continued to 90% design for the obstruction removals in the runway protection zone (RPZ) for Runway 10-28.
- Completed the DRAFT environmental assessment for the obstruction removal in the runway protection zone (RPZ) for Runway 4-22.
- Completed the Design and initiated the construction of a new +/-25,000 square foot Snow Removal Equipment (SRE) Building. The new facility will house twelve (12) Snow Removal Machines.
- Completed the 90% Design of the rehabilitation of the 300 Ramp and Tie-Down Apron, which will reconstruct approximately 57,000 sf of asphalt at the Tie-down location, and resurface approximately 200,000 sf of pavement at the apron.
- Initiated the Design of the rehabilitation of Taxiway C by the 100 Cargo Apron, which includes the resurfacing of approximately 150,000 sf of existing asphalt, new LED edge lights, and grading.
- Completed the Design of the replacement of 8 Passenger Loading Bridges (PLBs) located on both Concourse A and Concourse B. This project will complete the replacements of remaining PLBs that have exceeded the design-life.

The authority may establish, fix, revise, levy and collect or cause to be established, fixed, revised, levied and collected and, in the case of a joint service arrangement, join with others in the establishment, fixing, revision, levy and collection of such fares, rentals, rates, charges, landing and field use fees, concession fees and other fees as it may deem necessary, convenient or desirable for the use and operation of any aviation facilities, and related services operated or managed by the authority or under contract, pollution control facilities, lease or other arrangement, including joint service arrangements, with the authority. Such fares, rentals, rates, charges, landing and field use fees, concession fees or other fees shall be at least sufficient at all times in the judgment of the authority to establish and maintain the combined operations of the authority on a self-sustaining basis. Such operations shall be deemed to be on a self-sustaining basis as required by this title, when the authority is able to pay or fund or cause to be paid or funded from revenues and any other funds actually available to the authority (i) the principal of, premium, if any, and the interest on the outstanding bonds of the authority as the same shall become due and payable and any capital or debt service reserve therefor and, to the extent required by any agreement between the county and the authority, the principal of and interest on any general obligation bonds, notes or other evidence of indebtedness of the county issued for or allocable to any project of the authority as the same shall become due and payable and any reserves therefor, (ii) the cost of administering, maintaining, repairing and operating any project of the authority, (iii) the cost of constructing capital improvements thereto pursuant to any agreement between the county and the authority, (iv) any liabilities incurred for or allocable to any project of the authority including any liabilities of the county assumed by the authority pursuant to any agreement between the county and the authority, as the same become due and payable, (v) any requirements of any agreement including those relating to the establishment of reserves for renewal and replacement and for uncollected fares, rentals, rates, charges and fees and covenants respecting rates and debt service and earnings coverage ratios, (vi) all other reasonable and necessary expenses of the authority, and (vii) the cost of such additional projects as may be now or hereafter authorized by law and agreed to by the authority.

4. The authority may establish and, in the case of joint service arrangements, join with others in the establishment of such schedules and standards of operations and such other rules and regulations including but not limited to rules and regulations governing the conduct, safety and security of the public as it may deem necessary, convenient or desirable for the use, operation and management of any project and related services operated or managed by the authority or under contract, lease or other arrangement, including joint service arrangements, with the authority. Such rules and regulations governing the conduct, safety and security of the public shall be filed with the department of state in the manner provided by section one hundred two of the executive law.

In the case of any conflict between any such rule or regulation of the authority governing the conduct, safety and security of the public and any local law, ordinance, rule or regulation, such rule or regulation of the authority shall prevail.

5. The authority may do all things it deems necessary, convenient or desirable to manage, control and direct the maintenance and operation of aviation facilities, equipment or property operated by or under contract, lease or other arrangement with the authority. Except as agreed to pursuant to any agreement between the authority and any public corporation and except as hereinafter specially provided, no municipality except for the county, shall have jurisdiction over any facilities of the authority or any of its activities or operations. The county shall provide for such facilities police, fire and health protection services.

6. The authority may accept unconditional grants of money or property from any municipality the whole or any part of which municipality shall be served or to be served by an aviation facility operated by the authority. Such grants of money or property would be for the purpose of assisting the authority in meeting its capital or operating expenses. The acceptance of any such grant shall not operate to make the authority an agency of the municipality making the grant.

7. In any instance where the county is required by law, with respect to an airport or any aviation facilities, to conduct a public hearing in connection with a contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not enter into such contract, lease, joint service arrangement, or establish, fix, revise or levy any charge, fare, rental, landing and field use fee, concession fee or other fee unless and until the authority has held a public hearing at which interested persons have had an opportunity to be heard concerning the same, provided however, if the county has conducted a public hearing in connection with such contract, lease, joint service arrangement, charge, fare, rental or fee, the authority shall not be required to hold a public hearing. Notice of such public hearing shall be published by the authority at least ten days before the date set therefor, in at least one newspaper of general circulation in the county. Such notice shall set forth the date, time and place of such hearing and shall include a brief description of the matters to be considered at such meeting. At all such hearings, any interested persons shall have an opportunity to be heard concerning the matters under consideration. Any decision of the authority on matters considered at such public hearing shall be in writing and be made available in the office of the authority for public inspection during regular office hours.

#### **§ 2758. County approval required**

Notwithstanding any inconsistent provision of this title, no project, including but not limited to the acquisition of real property by the authority or the expansion of the authority's aviation facilities, may be undertaken by the authority unless such project is approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive; provided, however, that Resolution No. 157 of 1989 of the county legislature approving an airport expansion project shall be deemed to be an approval within the meaning of this section without further action by the county. All future projects not incorporated in or contemplated by Resolution No. 157 of 1989 shall be subject to approval by the county legislature and the county executive as set forth in this section.

#### **§ 2759. Bonds of the authority**

1. The authority shall have the power and is hereby authorized from time to time to issue bonds, notes or other obligations to pay the cost of any project or for any other corporate purpose, including the establishment of reserves to secure the bonds, the payment of principal of, premium, if any, and interest on the bonds and the payment of incidental expenses in connection therewith. The aggregate principal amount of such bonds, notes or other obligations shall not exceed two hundred million dollars (\$200,000,000), excluding bonds, notes or other obligations issued to refund or otherwise repay bonds, notes or other obligations theretofore issued for such purposes; provided, however, that upon any such refunding or repayment the total aggregate principal amount of outstanding bonds, notes or other obligations may be greater than two hundred million dollars (\$200,000,000) only if the present value of the aggregate debt service of the refunding or repayment bonds, notes or other obligations to be issued shall not exceed the present value of the aggregate debt service of the bonds, notes or other obligations so to be refunded or repaid. For purposes hereof, the present values of the aggregate debt service of the refunding or repayment bonds, notes or other obligations and of the aggregate debt service of the bonds, notes or other obligations so refunded or repaid, shall be calculated by utilizing the effective interest rate of the refunding or repayment bonds, notes or other obligations, which shall be that rate arrived at by doubling the semi-annual interest rate (compounded semi-annually) necessary to discount the debt service payments on the refunding or repayment bonds, notes or other obligations from the payment dates thereof to the date of issue of the refunding or repayment bonds, notes or other obligations and to the price bid including estimated accrued interest or proceeds received by the authority including estimated accrued interest from the sale thereof. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds.

2. The authority shall have power from time to time to renew bonds or to issue renewal bonds for such purpose, to issue bonds to pay bonds, and, whenever it deems refunding expedient, to refund any bond by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose of the authority. Bonds (other than notes or other evidence of indebtedness) issued for refunding purposes, which have a final maturity date longer than the maturity of the bonds being refunded, shall be approved by a resolution of the county legislature adopted by a majority vote and approved by the county executive. Bonds issued for refunding purposes shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds or notes to be refunded.

3. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject as to priority only to any agreements with the holders of outstanding bonds pledging any particular property, revenues or moneys. The authority may also enter into loan agreements, lines of credit and other security agreements and obtain for or on its behalf letters of credit, insurance, guarantees or other credit enhancements to the extent now or hereafter available, in each case for securing its bonds or to provide direct payment of any costs which the authority is authorized to pay.

4. Bonds shall be authorized by resolution of the authority, be in such denominations and bear such date or dates and mature at such time or times, as such resolution may provide, provided that bonds and renewals thereof shall mature within forty years from the date of original issuance of any such bonds.

Bonds shall be subject to such terms of redemption, bear interest at such rate or rates, be payable at such times, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms and conditions as such resolution may provide.

Notwithstanding any other provision of law, the bonds of the authority issued pursuant to this section shall be sold to the bidder offering the lowest true interest cost, taking into consideration any premium or discount not less than four nor more than fifteen days, Sundays excepted, after a notice of such sale has been published at least once in a newspaper of general circulation in the area served by the authority, which shall state the terms of the sale. The terms of the sale may not change unless notice of such change is published in such newspaper at least one day prior to the date of the sale as set forth in the original notice of sale. Advertisements shall contain a provision to the effect that the authority, in its discretion, may reject any or all bids made in pursuance of such advertisements, and in the event of such rejection, the authority is authorized to negotiate a private or public sale or readvertise for bids in the form and manner above described as many times as, in its judgment, may be necessary to effect a satisfactory sale.

Notwithstanding the provisions of the preceding paragraph, whenever in the judgment of the authority the interests of the authority will be served thereby, the members of the authority, on the written recommendation of the chairperson, may authorize the sale of such bonds at private or public sale on a negotiated basis or on either a competitive or negotiated basis. The authority shall set guidelines governing the terms and conditions of any such private or public sales.

The private or public bond sale guidelines set by the authority shall include, but not be limited to a requirement that where the interests of the authority will be served by a private or public sale of bonds, the authority shall select underwriters for private or public bond sales conducted pursuant to a request for proposal process undertaken at least once annually and consideration of proposals from qualified underwriters taking into account, among other things, qualifications of underwriters as to experience, their ability to structure and sell authority bond issues, anticipated costs to the authority, the prior experience of the authority with the firm, if any, the capitalization of such firms, participation of qualified minority and women-owned business enterprise firms in such private or public sales of bonds of the authority and the experience and ability of firms under consideration to work with minority and women-owned business enterprises so as to promote and assist participation by such enterprises.

The authority shall have the power from time to time to amend such private bond sale guidelines in accordance with the provisions of this subdivision.

No private or public bond sale on a negotiated basis shall be conducted by the authority without prior approval of the comptroller.

The authority shall annually prepare and approve a bond sale report which shall include the private or public bond sale guidelines as specified in this subdivision, amendments to such guidelines since the last private or public bond sale report, an explanation of the bond sale guidelines and amendments, and the results of any sale of bonds conducted during the fiscal year. Such bond sale report may be a part of any other annual report that the authority is required to make.

The authority shall annually submit its bond sale report to the comptroller and copies thereof to the senate finance committee and the assembly ways and means committee.

The authority shall make available to the public copies of its bond sale report upon reasonable request therefor.

Nothing contained in this subdivision shall be deemed to alter, affect the validity of, modify the terms of or impair any contract or agreement made or entered into in violation of, or without compliance with, the provisions of this subdivision.

5. Any resolution or resolutions authorizing bonds or any issue of bonds may contain provisions which may be a part of the contract with the holders of the bonds thereby authorized as to:

(a) pledging all or any part of the revenues, other moneys or property of the authority to secure the payment of the bonds, or any costs of issuance thereof, including but not limited to any contracts, earnings or proceeds of any grant to the authority received from any private or public source subject to such agreements with bondholders as may then exist;

(b) the setting aside of reserves and the creation of sinking funds and the regulation and disposition thereof;

(d) the rates, rents, fees and other charges to be fixed and collected by the authority and the amount to be raised in each year thereby and the use and disposition of revenues;

(e) limitations on the right of the authority to restrict and regulate the use of the project or part thereof in connection with which bonds are issued;

(f) limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding or other bonds;

(g) the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given;

(h) the creation of special funds into which any revenues or moneys may be deposited;

(i) the terms and provisions of any trust, mortgage, deed or indenture securing the bonds under which the bonds may be issued;

(j) vesting in a trustee or trustees such properties, rights, powers and duties in trust as the authority may determine which may include any or all of the rights, powers and duties of the trustees appointed by the bondholders pursuant to this title and limiting or abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(l) limitations on the power of the authority to sell or otherwise dispose of any project or any part thereof;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

6. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to adopt resolutions and enter into such trust indentures, agreements or other instruments as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or property and the doing of any act, including refraining from doing any act which the authority would have the right to do in the absence of such resolutions, trust indentures, agreements or other instruments. The authority shall have power to enter into amendments of any such resolutions, trust indentures, agreements or other instruments. The provisions of any such resolutions, trust indentures, agreements or other instruments may be made a part of the contract with the holders of bonds of the authority.

7. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

8. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all the purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

9. Neither the members of the authority nor any person executing its bonds shall be liable personally on its bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

10. Subject to such agreements with bondholders as may then exist, the authority shall have power out of any funds available therefor to purchase bonds of the authority, which shall thereupon be cancelled, at a price not exceeding (a) if the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date, or (b) if the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the

bonds become subject to redemption plus accrued interest to the next interest payment date. Bonds so purchased shall thereupon be cancelled.

### **§ 2760. Remedies of bondholders**

Subject to any resolution or resolutions adopted pursuant to this title:

1. In the event that the authority shall default in the payment of principal or of interest on any issue of bonds after the same shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of thirty days, or in the event that the authority shall fail or refuse to comply with the provisions of this title or shall default in any agreement made with the holders of any issue of bonds, the holders of twenty-five percent in aggregate principal amount of the bonds of such issue then outstanding, by instrument or instruments filed in the office of the clerk of the county in which the principal office of the authority is located and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the holders of such bonds for the purpose herein provided.

2. Such trustee may, and upon written request of the holders of twenty-five per centum in principal amount of such bonds outstanding, shall in its own name:

(a) by action or proceeding in accordance with the civil practice law and rules, enforce all rights of the bondholders, including the right to require the authority to collect rents, rates, fees and charges adequate to carry out any agreement as to, or pledge of, such rents, rates, fees and charges and to require the authority to carry out any other agreements with the holders of such bonds to perform its duties under this title;

(b) bring an action or proceeding upon such bonds;

(c) by action or proceeding, require the authority to account as if it were the trustee of an express trust for the holders of such bonds;

(d) by action or proceeding, enjoin any acts or things which may be unlawful or in violation of the rights of the holders of such bonds; and

4. The supreme court shall have jurisdiction of any action or proceeding by the trustee on behalf of such bondholders. The venue of any such action or proceeding shall be laid in the county.

5. Before declaring the principal of bonds due and payable, the trustee shall first give thirty days notice in writing to the authority.

6. Any such trustee whether or not the issue of bonds represented by such trustee has been declared due and payable, shall be entitled as of right to the appointment of a receiver of any part or parts of the project, the revenues of which are pledged for the security of the bonds of such issue, and such receiver may enter and take possession of such part or parts of the project and, subject to any pledge or agreement with the holders of such bonds, shall take possession of all moneys and other property derived from such part or parts of the project and proceed with any construction thereon or the acquisition of any property, real or personal, in connection therewith that the authority is under obligation to do, and operate, maintain and reconstruct such part or parts of the project and collect and receive all revenues thereafter arising therefrom subject to any pledge or agreement with bondholders relating thereto and perform the public duties and carry out the agreements and obligations of the authority under the direction of the court. In any suit, action or proceeding by the trustee, the fees, counsel fees and expenses of the trustee and of the receiver, if any, shall constitute taxable disbursements and all costs and disbursements allowed by the court shall be a first charge on any revenues derived from the project.

All deposits of such moneys shall be secured by obligations of the United States or of the state or of any municipality of a market value equal at all times to the amount on deposit and all banks and trust companies are authorized to give such security for such deposits. To the extent practicable, consistent with the cash requirements of the authority, all such moneys shall be deposited in interest bearing accounts. The authority shall have power, notwithstanding the provisions of this section, to contract with the holders of any bonds as to the custody, collection, security, investment and payment of any moneys of the authority or any moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds, and carry out any such contract notwithstanding that such contract may be inconsistent with the provisions of this section. Moneys held in trust or otherwise for the payment of bonds or in any way to secure bonds and deposits of such moneys may be secured in the same manner as moneys of the authority and all banks and trust companies are authorized to give such security for such deposits. Any moneys of the authority not required for immediate use or disbursement may, at the discretion of the authority, be invested in those obligations specified pursuant to the provisions of section ninety-eight-a of the state finance law. Subject to the provisions of any contract with bondholders and with the approval of the comptroller, the authority shall prescribe a system of accounts.

#### **§ 2763. Bonds legal investment for fiduciaries**

The bonds of the authority are hereby made securities in which all public officers and bodies of the state and all municipalities, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, and administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever, who are now or may hereafter be authorized to invest in bonds or other obligations of the state may properly and legally invest funds including capital in their control or belonging to them. #### **§ 2764. Agreement with state**

The state does hereby pledge to and agree with the holders of any bonds issued by the authority pursuant to this title and with those persons or public corporations who may enter into contracts with the authority pursuant to the provisions of this title that the state will not alter, limit or impair the rights hereby vested in the authority to purchase, construct, own and operate, maintain, repair, improve, reconstruct, renovate, rehabilitate, enlarge, increase and extend, or dispose of any project, or any part or parts thereof, for which bonds of the authority shall have been issued, to establish and collect rates, rents, fees and other charges referred to in this title, to fulfill the terms of any contracts or agreements made with or for the benefit of the holders of bonds or with any person or public corporation with reference to such project or part thereof, or in any way to impair the rights and remedies of the holders of bonds, until the bonds, together with interest thereon, including interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders of bonds, are fully met and discharged and such contracts are fully performed on the part of the authority. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of bonds.

Notwithstanding the previous sentence, the authority shall be required to pay water and pure water fees or charges imposed by any public corporation. The authority shall at all times be exempt from any filing, mortgage recording or transfer fees or taxes in relation to instruments filed, recorded or transferred by it or on its behalf. The construction, use, occupation or possession of any property owned by the authority or the county, including improvements thereon, by any person or public corporation under a lease, lease and sublease or any other agreement shall not operate to abrogate or limit the foregoing exemption, notwithstanding that the lessee, user, occupant or person in possession shall claim ownership for federal income tax purposes.

2. Any bonds issued pursuant to this title together with the income therefrom as well as the property of the authority shall at all times be exempt from taxes, except for transfer and estate taxes. The state hereby covenants with the purchasers and with all subsequent holders and transferees of bonds issued by the authority pursuant to this title, in consideration of the acceptance of and payment for the bonds, that the bonds of the authority issued pursuant to this title and the income therefrom and all revenues, moneys, and other property pledged to secure the payment of such bonds shall at all times be free from taxation, except for transfer and estate taxes.

#### **§ 2767. Actions against authority**

1. Except in an action for wrongful death, no action or special proceeding shall be prosecuted or maintained against the authority, its members, officers, or employees for personal injury or damage to real or personal property alleged to have been sustained by reason of the negligence, tort or wrongful act of the authority or of any member, officer, agent or employee thereof, unless (i) a notice of claim shall have been made and served upon the authority within the time limit set by and in compliance with section fifty-e of the general municipal law, (ii) it shall appear by and as an allegation in the complaint or moving papers that at least thirty days have elapsed since the service of such notice and that adjustment or payment thereof has been neglected or refused, (iii) the action or special proceeding shall be commenced within one year and ninety days after the happening of the event upon which the claim is based, and (iv) an action against the authority for wrongful death shall be commenced in accordance with the notice of claim and time limitation provisions of title eleven of article nine of this chapter.

2. Whenever a notice of claim is served upon the authority, it shall have the right to demand an examination of the claimant relative to the occurrence and extent of the injuries or damages for which claim is made, in accordance with the provisions of section fifty-h of the general municipal law.

3. The authority may require any person presenting for settlement an account or claim for any cause whatever against the authority to be sworn before a member, counsel or an attorney, officer or employee of the authority designated for such purpose, concerning such account or claim and, when so sworn, to answer orally as to any facts relative to such account or claim. The authority shall have power to settle or adjust all claims in favor of or against the authority.

4. Any action or proceeding to which the authority or the people of the state may be parties, in which any question arises as to the validity of this title, shall be preferred over all other civil causes of action or cases, except election causes of action or cases, in all courts of the state and shall be heard and determined in preference to all other civil business pending therein except election causes, irrespective of position on the calendar. The same preference shall be granted upon application of the authority or its counsel in any action or proceeding questioning the validity of this title in which the authority may be allowed to intervene. The venue of any such action or proceeding shall be laid in the supreme court of the county.

5. The rate of interest to be paid by the authority upon any judgment for which it is liable, other than a judgment on its bonds, shall be the rate prescribed by section five thousand four of the civil practice law and rules. Interest on payments of principal or interest on any bonds in default shall accrue at the rate borne by such bonds from the due date thereof until paid or otherwise satisfied.

### **§ 2768. Contracts**

All contracts for construction shall be let by the authority in conformity with the applicable provisions of section one hundred thirty-five of the state finance law and shall be let in accordance with the provisions of state law pertaining to prevailing wages, labor standards and working hours. In the case of industrial projects, whenever the authority determines that trade secrets or other confidential information about the prospective project occupant's business operations, products, processes or designs would be revealed by public bidding, the requirements of section one hundred thirty-five of the state finance law with respect to public bidding may be waived. In such event, separate specifications shall be prepared for, and separate and independent contracts shall be entered into, for the following three subdivisions of work to be performed: (a) plumbing and gas fitting; (b) steam heating, hot water heating, ventilating and air conditioning apparatus; and (c) electric wiring and standard illuminating fixtures. The authority may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the authority receives bids. The authority shall not award any construction contract except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The authority may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The authority may reject any bid if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.

### **§ 2769. Interest in contracts prohibited**

It shall be a misdemeanor for any member, officer or employee of the authority to be in any way or manner interested, directly or indirectly, in the furnishing of work, materials, supplies or labor, or in any contract therefor which the authority is empowered by this title to make.

### **§ 2770. Agreements relating to payment in lieu of taxes**

1. In order to assure that municipalities may not suffer undue loss of taxes or assessments in the event that the authority acquires any airport from the county, any person paying real property taxes

or assessments as of the date of the transfer of title from the county to the authority on any property located within any such airport shall make payments in lieu of taxes in an amount equal to the sums which would ordinarily be imposed as taxes by any municipality in which such property is located, pursuant to the prevailing method of determining taxes and assessments.

2. Subject to any agreement with bondholders, the authority may, but is not required to, enter into agreements with any municipality of the state to pay annual sums in lieu of taxes to any such municipality in respect of any real property which is owned by the authority is located in such municipality and is used for public aviation purposes or pollution control purposes. For the purposes of this section, such public aviation purposes shall include without limitation air terminal facilities, parking facilities, fuel facilities, maintenance facilities, and facilities for the loading, unloading, holding, interchange or transfer of passengers, freight, baggage or cargo.

3. In the event that any real property owned by the authority is used or is to be used by the authority or a lessee thereof for purposes other than public aviation purposes, the authority, or lessee thereof, as the case may be, shall enter into agreements with any municipality of the state to pay annual sums in lieu of taxes in respect of such real property located in such municipality. For the purposes of this section, such purposes other than public aviation purposes shall include without limitation hotels, motels, restaurants and retail stores and concessions not located within any air terminal building, office buildings to the extent not used by the authority or any other public corporation for its own corporate purposes, and such other buildings and improvements as determined by the authority to be not exclusively for public aviation purposes.

The authority shall determine (i) the amount of such annual payments in lieu of taxes, (ii) whether the use of such property is for purposes other than public aviation purposes and (iii) the extent to which such property is used for purposes other than public aviation purposes. In making such determinations the authority shall take into consideration the recommendations, if any, of the county.

#### **§ 2771. Audit and annual report**

In conformity with the provisions of section five of article ten of the constitution, the accounts of the authority shall be subject to the supervision of the state comptroller and an annual audit shall be performed by an independent certified accountant. #### **§ 2772. Limited liability**

Neither members, officers or employees of the authority, nor any municipality, or an officer or employee thereof acting on behalf of the authority, while acting within the scope of their authority, shall be subject to any personal liability resulting from the construction, maintenance or operation of any of the properties of the authority or from carrying out any of the powers expressly given in

this title provided, however, that this section shall not be held to apply to any independent contractor.

### **§ 2773. Transfer of applications, proceedings, approvals and permits**

1. Any application, review or process in relation to or in furtherance of the purposes of or contemplated by this title heretofore filed or undertaken, or any proceeding heretofore commenced or any determination, finding or award made, by the county or by the county with the federal government, the state department of environmental conservation, the state department of transportation or any other public corporation shall inure to and for the benefit of the authority to the same extent and in the same manner as if the authority had been a party to such application, review, process or proceeding from its inception, and the authority shall be deemed a party thereto, to the extent not prohibited by any federal law. Any license, approval, permit, determination, finding, award or decision heretofore or hereafter issued or granted pursuant to or as a result of any such application, review, process or proceeding shall inure to the benefit of and be binding upon the authority and shall be assigned and transferred by the county to the authority unless such assignment and transfer is prohibited by federal law.

2. All such applications, proceedings, licenses, approvals, permits, determinations, findings, awards and decisions shall further inure to and for the benefit of and be binding upon any person leasing, acquiring, financing, constructing, maintaining, operating, using or occupying any facility financed in whole or in part by the authority.

### **§ 2774. Separability**

If any clause, sentence, paragraph, section, or part of this title shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

### **§ 2775. Effect of inconsistent provisions**

In so far as the provisions of this title are inconsistent with the provisions of any other act, general or special, or of the county charter or any local law, charter, ordinance or resolution of the county or any other municipality, the provisions of this title shall be controlling. Nothing contained in this section shall be held to supplement or otherwise expand the powers or duties of the authority otherwise set forth in this title. Except as specifically provided for in this title, in the performance of any of its functions, powers and duties, the authority shall be subject to all applicable general or special laws of the state, the county charter, and any local law, ordinance or resolution of the county.
